

13 July 1962

MEMORANDUM FOR: General Carter

25X1
Annexed is the notice, which you amended and approved, establishing a Task Force to review personnel strengths. The members of the Task Force have met and are in process of selecting a staff. It is [redacted] thought that it will be possible to select two or even three teams of appropriately qualified and comparatively senior officers who can work simultaneously on a review of representative components in the three major areas. As soon as the final selection is made, the Task Force would like to meet briefly with you and get your final approval on their proposed approach to the problem. In the meantime, formal issuance of the annexed memorandum is a prerequisite to further progress.

[redacted]
JOHN A. BROSS
Comptroller

25X1
